TO MAKE OUR VOICES HEARD

TENNESSEE WOMEN'S FIGHT FOR THE VOTE

Women throughout the United States secured the right to vote in 1920 when Tennessee became the final state needed to ratify the 19th Amendment to the U.S. Constitution. The fight for this right began as early as 1848, with the Declaration of Sentiments, at the first women's rights convention in Seneca Falls, New York. The convention was inspired by the experiences of African American and white women in the abolitionist movement to end slavery.
